# PUSHERLEG

## Construction Tools / Air Tools

**ACE 62K pusher leg**, also called "Empujador Perforadora" in Spanish, is a durable and efficient support designed specifically for the ACE RD 656 4W jackleg drill. Constructed from high-strength aluminum alloys originally developed for aircraft, it features a large piston diameter to minimize wear and extend its lifespan. For added convenience, the feed controls are ergonomically positioned on the pusher leg to enhance operator comfort. ACE 62S Pneumatic pusher leg Parts interchangeable with Atlas Copco BMK62S pusher leg.

### TECHNICAL SPECIFICATION:-

| Model               | Metric                      | Imperial |
|---------------------|-----------------------------|----------|
| Weight              | 17Kg                        | 37.5lb   |
| Piston Diameter     | 23 mm                       | 2.09"    |
| Extension Length    | 1300 mm                     | 51.18"   |
| Length Extracted    | 3115 mm                     | 124"     |
| Length Retracted    | 1815 mm                     | 71.5"    |
| Suitable Rock Drill | ACE RD 656 4W Jackleg Drill |          |

### APPLICATION:-

- Production Drilling,
- Mining and construction jobs and
- Dimension stone industry.
